About Our School—What Makes Us Special

St. Catharine Preschool offers an early educational program to children of registered parishioners who are two and a half through five years of age.

Our staff is dedicated to meeting the individual needs of each child in the areas of religious, social, emotional, cognitive and physical development while providing a loving and safe environment. Our goals are for each child to develop a lifetime love for learning and a positive self image.

All of the academic areas are addressed—language arts, mathematics, music, science and social studies—in a developmentally appropriate, multisensory rich environment where children learn best through play and active experiences with concrete materials.

Our little ones learn about their faith through meaningful, age-appropriate activities. Prayers and joyful songs start each day on a happy note. Respect for others and the environment is always encouraged, helping our students develop kindness and good social skills.

Most importantly, the children walk in Jesus' footsteps as they learn to love and care for each other and share with those in need through our social justice projects throughout the year.

Our Early Educational Environment Also Provides:

- A Small Student-Teacher Ratio
- A Loving and Experienced Staff
- A Weekly Music Program
- A Nurse On Call
- A Fitness Program
- Nutritional Snacks
- A Clean & Respectful Environment
- A Spacious Playground
- A Focus On All Developing Skills
 - Cognitive
 - Social & Emotional
 - Physical (Large & Small Muscles)
- A Lending Library
- Field Trips and Special Visitors
- A Secret Garden

A typical preschool day will include the following activities:

- Small group discussions and brain-based activities
- Imaginative and dramatic playtime
- Music
- Literacy/language
- Snack time
- Art experiences
- Science explorations
- Math
- Social Studies
- Large motor development
- Fine motor development
- Outdoor play

Thank you for your interest in our early educational program where the seeds of God's love and early learning experiences are planted and nourished.
